

FF MIC500

Intelligent Addressable Single Input/Output Module

0832-CPR-F2820

EN54-18

Features

- Intelligent Addressable Single I/O Module
- 1 Input and 1 Output
- Non-polarized two-wire connection
- LED Display
- 24 VDC Supply
- EN54-18 Certified
- LPCB Approved
- CPR Certificated

Technical Specifications

Operating voltage	24V DC
Operating Current	≤0.2mA
Operating Alarm Current	≤2mA
External Voltage	24V DC
LED Indicator	Red
LED State	Flash
Operating temperature	-10°C~+55°C
Storage Temperature	-10°C~+55°C
Moisture Bond	≤95%
Size	86x86x38 mm
LPCB document no.	1450b/01
CPR document no.	0832-CPR-F2820

Order Details

- FF MIC500 Intelligent Addressable Single Input /Output Module

Doc: FF MIC500 Datasheet_GB 01/2020

Fire & Gas Alarm System • CCTV System • PAVA System • Emergency Lighting System • Access Control System • Integration System • Reasure
