

FF LI500

FIRE ALARM LOOP ISOLATOR MODULE

EN54-17

Feaures

- Intillegent Addressable Isolator Module
- Non-polarized two-wire connection
- LED Display
- EN54-17 Certificate
- LPCB Certificate
- CPR Certificate

Technical Specifications

Operating voltage	18.5V~26V
Operating Current	≤17mA
Operating Alarm Current	≤270mA
LED Indicator	Sarı
LED State	Flash
Operating temperature	-10°C~+55°C
Storage Temperature	-10°C~+55°C
Moisture Bond	≤95%
Size	86x86x38 mm

Other Details

- FF LI500 Intelligent Addressable Loop Isolator
