

SG350

INTELLIGENT WIRELESS ADDRESS HEAT DETECTOR

EN54-5 EN54-25

FEATURES

- ▶ Twin alarm LEDs for 360 deg visibility
- ▶ Internal algorithm processing optimises performance
- ▶ 3rd party approved
- ▶ 8 year battery life
- ▶ Utilises standard low cost lithium battery technology
- ▶ Bi-directional wireless communications
- ▶ Compatible with all Argus translators and Expanders
- ▶ Multiple sensitivity settings
- ▶ 5 year product warranty
- ▶ Device identification tab

TECHNICAL SPECIFICATIONS

- | | |
|-----------------------------|--------------------------|
| ▶ Operating frequency range | 868 – 870 MHz |
| ▶ Max. radiated power | 14dBm (25mW) |
| ▶ Operating channels | Multiple |
| ▶ Class | A1R (58°C max) or (78°C) |
| ▶ Class BS high temp | (78°C) |
| ▶ Dimensions | 110mm x 70mm |
| ▶ Batteries | 2 x CR123A |
| ▶ Weight | 190g |
| ▶ Temperature Range | -10°C to +55°C ** |
| ▶ Max tolerated humidity | 95% RH |
| ▶ IP Rating | 40 |
